MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and Development

The Financial Year (FY) 2016-17 was marked by two major developments for the Indian Economy – withdrawal of high-denomination bank note from circulation (demonetization) and passage of Constitutional amendment for implementation of Good and Service Tax (GST).

However India's overall economic outlook is positive and appears as a bright spot in the global economic landscape, improved external current account, continued fiscal consolidation and anti-inflationary monetary policy have provided the much-needed macro-economic stability to the economy.

Opportunities and Threats

Your Company being engaged in Financial and Investment activities seek opportunities in the Financial and Investment market. The volatility in the market indices in the financial year under report represents both an opportunity and challenge for the Company.

The Financial and Investment activities depends on and is also influenced by global events and hence there is an amount of uncertainty in the near term outlook of the market.

Segment-wise-Performance

Your Company operates only single segment which is non-banking financial services (Granting/taking of loans and making Long term Investments).

Future Outlook

After suffering from the transient negative impact of demonetization in the FY 2016-17, the GDP growth rate will be better in FY 2017-18. On the other hand, demonetization is expected to leave a positive impact on the economy through greater tax compliance, increased digitalization and investments in capital formation. Besides, to mitigate the adverse impact of demonetization, several pro-rural and pro-poor initiatives have been taken during Union – Budget 2017-18 to spur demand contributing towards economic growth. Demonetization also led to an increase in bank deposits. Flushed with cash, the banks are expected to cut lending rates.

Your Company remains confident of the long-term growth prospects and opportunities ahead of it in its business. It is uniquely positioned within the Financial and Investment activities industry to capitalize on the opportunities and shall continue to seek growth in its target.

Risk and concerns

Your Company is more dependent on the Indian Capital markets for its return. Even though it is envisaged that Indian stock market will continue to do well, but global concern can result in sharp corrections.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting, is a process designed to provide a reasonable assurance regarding the reliability of financial reporting and preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
2. Provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with the generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

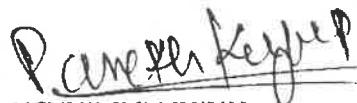

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material aspects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure A to Independent Auditors' Report

Referred to in paragraph of the Independent Auditors' Report of even date to the members of KAJAL SYNTHETICS AND SILK MILLS LIMITED on the Consolidated financial statements for the year ended 31 March, 2017.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2017, we report on internal financial controls over financial reporting of KAJAL SYNTHETICS AND SILK MILLS LIMITED. ('the Parent Company') as of 31 March, 2017 and its Associate Company's, incorporated in India, based on the auditor's report of said entity.

Management's Responsibility for Internal Financial Controls

1. The respective Board of Directors of the Parent Company and the Associate Company, incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility

2. Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent Company and its Associate Company's, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under Section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and in terms of other auditor's report referred to in paragraph (a) of the Other Matters below, the audit evidence obtained by them, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of Group and its associate Company's.

Meaning of Internal Financial Controls over Financial Reporting

3. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

4. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

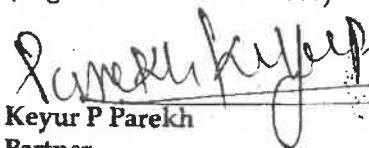

Opinion

5. In our opinion, to the best of our information and according to the explanations given to us and based on auditor's report of an Associate, the Parent Company, and its Associate, incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the respective entities considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

- (a) Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to an Associate Company's which are Companies incorporated in India, is based on the corresponding reports of the auditors of such Company's.
